Letter of Recommendation for Ethan Tayloe

“It is with great personal and professional pleasure I offer this recommendation for Ethan Tayloe as he vectors his life towards a career in Computer Technology. This is Ethan’s second year on the AFJROTC team here at Deer Valley High School and has shown very positive progress and interests in things dealing with the Corps’ goals. He has integrated smoothly into the family and his vibrant personality brings much optimism to the team. In addition, I believe he has earned the respect of his classmates as one who can compete and excel on the team in any task. Specifically, Ethan excels academically leading the charge with a 95% overall average. Moreover, he has volunteered more than 16 hours after school through JROTC driven community service and demonstrating a strong example of those who wear the uniform proudly. I also believe Ethan’s personal character and desire to grow is quite evident. As you consider offering Ethan a position or place on your team, please consider my recommendation as I am sure he will bring value to your organization. If you have any questions, do not hesitate to contact me by cell at (602) 828-8239.” - Vaughan Whited
